IPM statement

It is the goal of the Campbell Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Supervisor- M.Gutierrez	Buyer, Emergency Applicator

Pest management contracting

- ✓ Pest management services are contracted to a licensed pest control business.
Orkin Pest Control
Killroy Pest Control
- ✓ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Facilities Staff/Pest Control Management Contractors

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by Facilities Staff and results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

Facility staff inspects for pests during cleaning and maintenance activities on a daily basis at all school sites. When a pest control issues arises appropriate measures are taken to eliminate the occurrence using integrated pest management practices.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:
