IPM statement

It is the goal of the Campbell Union School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Parents or guardians may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time a pesticide is applied a please contact IPM Coordinator, David Radke, <u>dradke@campbellusd.org</u> or 408-341-7204.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program				
Supervisor- M.Gutierrez	Buyer, Emergency Applicator				

Pest management contracting

- Pest management services are contracted to a licensed pest control business. Orkin Pest Control Killroy Pest Control, Animal Damage Management
- ✓ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Facilities Staff/Pest Control Management Contractors

Monitoring and inspecting for pests and conditions that le	ad to pest problems are done regularly by
Facilties Staff	and results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

Facility staff inspects for pests during cleaning and maintenance activities on a daily basis at all school sites. When a pest control issues arises appropriate measures are taken to eliminate the occurrence using integrated pest management practices.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants	_ √	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark		
Cockroaches	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark	
Mice/Rats	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark	\checkmark		
Spiders		\checkmark	\checkmark	\checkmark	\checkmark			

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Pesticide Name Activ	Ingredient(s)
Avert	Abamectin
Contac Blox	
	Bromediolone
Cy-Kick	Cyfluthrin
Delta Dust	Deltamethrin
Eco-Exempt	Rosemary Oil
Gentrol	Hydroprene
Pre-Cor 2000	Metroprene, Permethrin
Raid	Tetramethrin
Rodent Bait	Chlorophacinone
Tempo SC	Cyfluthrin
Termidor	Filpronil
Ultracide	Pyrethrin
Wasp-Freeze	Phenothrin
Diuron	Diuron
Alpine	Dinotefuran
Pesticide Name Activ	lngredient(s)
Mecomec	Potassium Salt
MilesoneVM	Triisopropano-lammonium salt
Tengard	Permethrin
Suspend SC	Deltamethrin
Precor	Methoprene
Herbicide Name Acti	e Ingredient(s)
	Ammonium Nitrate
l ifeline	Glufosinate Ammonium
Merit	Imidacloprid
SitePro	Ethylbexyl Ester

Healthy Schools Act

 This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- ✓ School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of pesticide use reports

✓ Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at <u>www.cdpr.ca.gov/schoolipm</u>. (Education Code Section 16711)

Notification

This school district has made this IPM plan publicly available by the following methods (check at least one): ✓ This IPM plan can be found online at the following web address: www.campbellusd.org

This IPM plan is sent out to all parents, guardians and staff annually.

Review

✓ This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.
