About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (408) 364-4222.

School Description

COMMUNITY: Located in the West portion of Santa Clara County, Campbell Union School District serves more than 7,600 students from the communities of Campbell, San Jose, Saratoga, Santa Clara, Monte Sereno and Los Gatos.

Campbell Middle School (CMS), one of the District's three grade 5-8 middle schools, is located in the Central Learning Community of Campbell Union School District. We provide a nurturing school environment with special emphasis placed on educating the whole child and developing 21st century academic and social skills. Our teachers and staff are especially skilled in teaching young adolescents and helping them navigate the years between elementary school and the rigors of high school. Together with parents, we provide dynamic learning experiences that inspire students to be independent, thoughtful, and respectful members of their community. Through our flexible schedule and community partnerships, we offer more project-based lessons that help students develop skills in collaboration, critical thinking, communication and real-world problem-solving.

Mission Statement

Campbell Middle School: where a creative, dedicated staff in collaboration with parents and students, provides dynamic, multifaceted learning experiences that inspire young adolescents to be independent, thoughtful, reflective and respectful members of their community. At CMS, students strive to model our Code of Conduct: Choose Respect, Make Good Decisions, Solve the Problem.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Facility Conditions/Planned Improvements (Most Recent Year)

Campbell Middle School, originally constructed in 1954, is comprised of 42 classrooms (including portables), a library, a media center, computer lab, staff lounge, cafeteria/multi-purpose room, one play yard, and gymnasium. Major renovations to the campus occurred in 1998 and included existing structure remodels and building additions. Recent improvements include: exterior/interior painting, addition of two portables, general repairs, synthetic turf installations and cafeteria renovation. Installation of projectors and sound amplification equipment is underway in classrooms.

Cleaning Process:

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. Administrators work daily with the school's custodial staff to develop cleaning schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair:

A preventative maintenance program is administered by the Facility Maintenance Department staff, with heavy maintenance functions occurring during vacation periods. Additionally, Campbell Union School District administers a scheduled landscape and building maintenance program to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

District Curriculum committees select the majority of textbooks and other instructional materials with representatives from every school and grade level. Purchase of textbooks follows the State adoption cycle. All textbooks series are recommended by the State and are purchased with State Instructional Materials money. Every student has a current textbook in the basic subject areas and every classroom has calculators, dictionaries, maps/globes, and math manipulatives.

Note: Assembly Bill X4 2 (Chapter 2, Statutes of 2009-10 Fourth Extraordinary Session) signed on July 28, 2009, suspended the process and procedures for adopting instructional materials, including framework revisions, until the 2013-14 school year. Senate Bill 70 (Chapter 7 of the Statutes of 2011) extended that suspension until the 2015-16 school year. For more information go to the California Department of Education website at <http://www.cde.ca.gov/ci/>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parent Involvement Opportunities – We invite and encourage parent participation at all levels on planning, implementation and evaluation. The School Site Council (SSC) meets monthly to monitor the school plan. The English Language Advisory Committee (ELAC) meets at least four times a year to address the needs of ELL student and parents. The PTA also meets monthly to support the needs of students. PTA conducts meetings with Spanish translation as an outreach to our predominant second language group. Parents can support CMS through helping with lunch supervision, chaperoning dances, fieldtrips, rallies, as 8th grade exhibition panelist, join Booster clubs/PTA, and other special events. Parents who wish to participate in committees and/or school activities may contact the school office via phone, email, or in person.

Parent Communication – Parents and teachers are expected to meet formally twice a year in student led conferences. However, continuous communication between staff and parents is the ultimate expectation. The school publishes a newsletter in English and Spanish every other week, and regularly updates a school website that includes teacher and classroom pages along with a school calendar of events. All staff members have voice mail and email. All parents have been given access to PowerSchool, the district student information system, where they can view their child's academic progress. The school also uses the School Messenger, an automatic telephone system, to remind parents of important events.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The School Safety plan for the 2013-14 school year was updated and approved February 27, 2014 and reviewed with staff March 4, 2014.

Professional Development provided for Teachers at Campbell Middle School

Campbell Union School District's work year calendar allocated three full-day Professional Development days in the 2012-2013 school year, three in 2013-2014, and four are planned for 2014-15. The District provides professional development for all credentialed and non-credentialed staff. Classified staff members who work directly with students are trained in the same focal areas as the teachers.

PRIMARY AREAS OF FOCUS FOR STAFF DEVELOPMENT:

The primary areas of focus for staff development in all CUSD schools is training to support the implementation of the Common Core State Standards. The focus is on understanding the instructional shifts associated with Common Core standards, the content standards themselves and the Eight Mathematical Practices. Carefully examining student data takes place at regularly scheduled collaboration meetings where teachers discuss specific learning needs and develop intervention plans for targeted students. The professional development offered supports teachers in learning best practices for meeting the needs of all learners through a variety of Common Core aligned assessments. Professional Development is also offered in the area of STEAM and 21st Century Learning strategies.

METHODS OF PD:

We use many different models for delivery of professional development. Our teachers are given release days to attend sessions or conferences. Sometimes teachers are paid a stipend to do professional development on a weekend or during the summer. We offer after school sessions throughout the entire school year, and we take into consideration staff requests for both content and timing of the professional development.

HOW TEACHERS ARE SUPPORTED:

We have extensive coaching in our district, both through our site Common Core Coaches and through our district math, literacy and STEAM Coaches. All of our coaches follow coaching cycles to ensure that teachers are regularly examining student data to align instructional practices that maximize student learning. Grade Level Leader meetings and district job-alike meetings happen regularly to support teachers in planned collaboration time where best strategies can be shared across the district. Collaboration time is also planned at each school site so that teachers and administrators can do the work of a professional learning community. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.
