2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

Please note: Some of the 2021-22 data was not included in this report as it is pending release by the CDE. The district will republish the updated report after the CDE data is provided.

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Rosemary School, a member of the acclaimed EL Education network of schools, educates 364 students in Transitional Kindergarten through 5th grade.

Our dedicated staff provides a nurturing school environment and rigorous, engaging and equitable instruction that prepares all students for success in the 21st century workplace.

Through formative and summative assessments, we monitor our progress toward these goals: 1) High quality first instruction for all; 2) High quality social emotional learning for all; 3) Parent, family, and community engagement to support all learners. Through our multi tier systems of support students who are identified for targeted intervention may receive support services not only from the classroom teacher but also from instructional aide or Reading/Math specialist in grade K-3. In grades K-5, teachers work in small group instruction in order to differentiate and meet students needs.

Values:

We are learners. We are collaborators. We are community builders.

School Vision:

Rosemary inspires and cultivates compassionate leaders!

Mission:

- Develop a spirit of crew and instill habits of scholarship and character by engaging students in a rigorous and relevant curriculum.
- Provide high quality instruction and access to diverse perspectives.
- Cultivate curious learners by using engaging, relevant instruction and promoting authentic service opportunities.
- Provide meaningful instruction and build a sense of community that inspires life long learning and a desire to serve.
- Develop personal and community advocacy to support academic and social emotional growth

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Rosemary School, originally constructed in 1952, was entirely rebuilt in 1997. The campus consists of 22 classrooms (including portables), a library, staff lounge, a cafeteria/multipurpose room, 2 playgrounds, garden and a Family Learning Center that operates preschool and infant/toddler early education programs.

Recent improvements include solar photovoltaic installation, playground structures, outdoor amphitheater, basketball courts, and other playground equipment. Planned improvements include new flooring and painting of the multipurpose room.

Cleaning Process:

We provide a safe and clean environment for students, staff, and volunteers before, during and after school.

Cleaning staff receives training and supplies needed to implement district cleaning standards for all facilities.

Basic cleaning operations are performed daily throughout the school year, with an emphasis on classrooms and restrooms.

Special and deep-cleaning projects are scheduled for times when students are not on campus.

Administrators work daily with the school's custodial staff to develop effective cleaning schedules and special cleaning needs.

A joint effort between students and staff helps keep the campus clean and litter-free.

Maintenance & Repair:

Facility Maintenance Department staff administers a preventative maintenance program with heavy maintenance functions occurring during student vacation periods.

The District also administers a scheduled landscape and building maintenance program to ensure that all indoor and outdoor spaces on campus remain in excellent repair. Maintenance and repairs include roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

A work order process is used when issues arise that require attention. Emergency repairs are given the highest priority, and repair requests are completed efficiently.

Voter-approved general obligation bonds supplement district funding in order to keep schools safe and up to date so students can receive the education needed to be competitive in our modern world.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

At Rosemary, it is our goal to connect with each child and work to help him/her succeed both academically and socially. We invite parents to work with us in promoting that success by forming a strong home/school team to support our children's learning. Parent and community involvement at Rosemary includes the School Site Council, Home and School Club, English Learner Advisory Committee (ELAC), and the Campus Collaborative, among others. Teachers are involved in the Instructional Leadership Team (ILT), Building Advisory Committee (BAC), Culture and Climate Committee, Safety Committee, and School Site Council.

There are also opportunities for parents and community members to be involved at the district level through participation in such committees as the District English Language Advisory Committee, Bond Oversight Committee, Superintendent's advisory committees, Wellness Committee, Innovation Council, and others. We welcome public participation in Governing Board meetings and conduct district-wide surveys each year to elicit parent, student, staff and community input as we develop our annual Local Control and Accountability Plan (LCAP). We collaborate with local community based groups to enhance services and support for our students and their families.

Our Community Liaison coordinates community partnerships and resources through the Campus Collaborative. She also schedules and assists with developing parent education workshops on a variety of topics that are relevant to their child's education, including how to use the district's online communication and progress reporting tools, positive discipline, computer literacy, how to support student education at home, college classes, cyber safety.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2021-22 Types of Services Funded

- District funding through the Local Control Funding Formula (LCFF) includes a Base Grant, a Supplemental allocation, and a Concentration allocation. The Base Grant funds the services that we provide to all students, such as regular classroom teachers, custodians, office staffs, electricity and most of the basic operational cost. The Supplemental and Concentration allocations support targeted services to students who are designated as Low Income, English Learners, Special Education, and/or Foster Youth. State and federal funding also supports the following special programs. Title I, Part A Basic Grant Title II, Part A Improving Teacher Quality Title III, Part A Limited English Proficiency (LEP) State Preschool State Child Care Federal Free/Reduced meals

In 2020-2021, the District received one time COVID 19 relief funds to address SB98 guidelines, providing both In-Person and Distance learning for continuity of instruction. The funds are used to address pupil learning loss and provide mental health and social and emotional well-being.

Professional Development

Campbell Union School District's work year calendar allocated two full days for Professional Development in the 2020-21 school year, three in 2021-22, and three in 2022-23. The District provides professional development for all credentialed and non-credentialed staff to support our Local Control and Accountability Plan (LCAP) and the Instructional Vision for the district.

Teachers meet regularly in professional learning communities to collaborate, examine student data, and learn from one another in job-embedded professional development. They also meet as grade-level teams to coordinate and support each other's lesson plans and intervention strategies for targeted learning needs.

Extensive coaching opportunities are available to teachers through our district Math Specialists, site Equity TOSAs (teachers on special assignment) and other district TOSAs. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.

We also use a variety of delivery models for professional development, including summer training or conferences, stipends for online learning with guided facilitation with district staff members, and after school sessions throughout the school year. We take into consideration staff requests for both content and timing of the professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
