2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

MONROE

MIDDLE SCHOOL

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Monroe Middle School offers a safe learning environment before, during and after school, and sufficient spaces to support teaching and learning on campus.

The campus consists of 50 classrooms, a gymnasium/event center, 6 sets restrooms, updated science classrooms, an outdoor amphitheater, library, basketball courts, Professional Learning Center, school garden, new covered lunch area, new Wellness Center, and a remodeled cafeteria/multipurpose room. Recent improvements also include: a two-story classroom building (opened in January 2019), and new exterior paint on all buildings.

Cleaning Process:

We provide a safe and clean environment for students, staff, and volunteers before, during and after school. Cleaning staff receives training and supplies needed to implement district cleaning standards for all facilities. Basic cleaning operations are performed daily throughout the school year, with an emphasis on classrooms and restrooms. Special and deep-cleaning projects are scheduled for times when students are not on campus. Administrators work daily with the school’s custodial staff to develop effective cleaning schedules and special cleaning needs. A joint effort between students and staff helps keep the campus clean and litter-free.

Maintenance & Repair:

Facility Maintenance Department staff administers a preventative maintenance program with heavy maintenance functions occurring during student vacation periods.

The District also administers a scheduled landscape and building maintenance program to ensure that all indoor and outdoor spaces on campus remain in excellent repair. Maintenance and repairs include roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

A work order process is used when issues arise that require attention. Emergency repairs are given the highest priority, and repair requests are completed efficiently. Voter-approved general obligation bonds supplement district funding in order to keep schools safe and up to date so students can receive the education needed to be competitive in our modern world.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>Monroe Middle School has many opportunities for parents and family members to become involved in school activities.</p> <p>School Site Council works collaboratively with staff, parents, administration, and the greater community to develop the school plan, review school budgets, and monitor progress toward goals. Through PTA, parents may become involved in fundraising to support the school and in organizing community building activities such as Back to School Orientation and Family Fun Night. English Language Advisory Committee (ELAC) parents of English Language Learners give input on best practice for their children, and to learn about school goals and practices, as well as community resources. Parents also support our school through engagement with the school band, and/or sports teams.</p> <p>Our monthly Principal Coffee meetings serve as a place to answer questions and share Family Education presentations.</p> <p>There are also opportunities for parents and community members to be involved at the district level through participation in such committees as the District English Language Advisory Committee, Bond Oversight Committee, Superintendent's advisory committees, Wellness Committee, Innovation Council, and others. We welcome public participation in Governing Board meetings and conduct district-wide surveys each year to elicit parent, student, staff and community input as we develop our annual Local Control and Accountability Plan (LCAP). We collaborate with local community based groups to enhance services and support for our students and their families.</p> <p>Our Community Liaison coordinates community partnerships and resources through the Campus Collaborative. She also schedules and assists with developing parent education workshops on a variety of topics that are relevant to their child's education, including how to use the district's online communication and progress reporting tools, positive discipline, computer literacy, how to support student education at home, college classes, cyber safety.</p>

Fiscal Year 2023-24 Types of Services Funded

District funding through the Local Control Funding Formula (LCFF) includes a Base Grant, a Supplemental allocation, and a Concentration allocation. The Base Grant funds the services that we provide to all students, such as regular classroom teachers, custodians, office staff, electricity, and most of the basic operational costs. The Supplemental and Concentration allocations support targeted services to students who are designated as Low-income, English Learners, Special Education, and/or Foster Youth. State and Federal Funding also supports the following special programs:

- Title I, Part A Basic Grant,
- Title II, Part A Improving Teacher Quality
- Title III, Part A Limited English Proficiency (LEP)
- State Preschool
- State Child Care
- Federal Free/Reduced meals

The Per pupil expenditure includes all instruction including, special instruction programs and other instructional programs, pupil services, administration, plant services, and all other services for the operation of the school including the Child Nutrition program.

Professional Development

Campbell Union School District's work year calendar allocated three full days for Professional Development in the 2022-23, three in 2023-24, and three in 2024-25.

The District provides professional development for all credentialed and non-credentialed staff to support our Local Control and Accountability Plan (LCAP) and the Instructional Vision for the district.

Teachers meet regularly in professional learning communities to collaborate, examine student data, and learn from one another in job-embedded professional development. They also meet as grade-level teams to coordinate and support each other's lesson plans and intervention strategies for targeted learning needs.

Extensive coaching opportunities are available to teachers through our district Math Specialists, site Classroom Improvement TOSAs (teachers on special assignment) and other district TOSAs. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.

We also use a variety of delivery models for professional development, including summer training or conferences, stipends for online learning with guided facilitation with district staff members, and after school sessions throughout the school year. We take into consideration staff requests for both content and timing of the professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
